

## New Kitchen and a visit to the United States

Dear Nekesa (Harvester),

For years we have had a primitive kitchen in the Bungoma Bible School Children's Home. Our house parents have been dedicated and faithful to prepare food for the children every day for almost 30 years on a dirt floor over a wood fire in large cast-iron pots.

But because of your faithful support the ministry is now able to put in our very first propane tank with a real stove and oven into the Children's home!

You can see, in the top right corner, our old kitchen. Now, see the installation of our new propane tank!

The picture below is the new 6 burner stove and oven for the children's home! This is a blessing that we have been believing the Lord for.

Above: Old kitchen with wood fire, cast iron pots on a dirt floor.

**JUNE 2024**

Nekesa is a word from our language of Bantu that means Harvester. You are our fellow Harvesters as the fields are ripe to harvest in Kenya. We are honored be co-laborers with you in Christ!

Margaret and I are very pleased to announce that we are coming to the United States to visit with you, our Nekesa partners.

Our amazing team in the United States is diligently working to put together our travel itinerary for our time with our Nekesa partners. The itinerary will be placed on the updated ministry website, once it is complete. Please check it out for details to see the harvest, the fruit of your co-laboring together with us.

The Itinerary may change as we are traveling, but we will keep it updated on our website. Please be sure to check it out at [www.bungomabibleministries.org](http://www.bungomabibleministries.org)

Margaret and I are beyond excited to share in fellowship with you, our brothers and sisters in Christ. We pray for you often and give thanks to our Lord Jesus Christ everyday for your faithful partnership and prayers. We know that together we will see lives and nations continue to change for the gospel of Jesus Christ for generations to come!

We look forward to seeing you and sharing the fruit of what our co-laboring together has produced in the people of Kenya.
